FEATURED PROJECTS

SKILLS

Languages

- Python
- JavaScript
- Java
- HTML5
- CSS3
- C++

Frameworks

- React.js
- Tailwind CSS
- Responsive Design

Data Analysis & Databases

- SQL
- Data Visualization
- Excel
- Power BI

EDUCATION

B.S. Computer Science -Information Technology

Egyptian E-Learning University (EELU)
GPA: 3.6 / 4.0
Graduation: Expected 2029

CERTIFICATION

- Front-End Web Development Training
- Data Analysis (Excel, SQL & Power BI)
- Python Programming Fundamentals
- Advanced Web Development with React

SOFT SKILLS

- Problem Solving & Logic
- Teamwork & Collaboration
- Adaptability & Fast Learning

Personal Portfolio Website

2026 – Present

- Tech: React.js | Tailwind CSS | JavaScript.
- Developed a responsive personal portfolio to showcase technical projects, skills, and contact information.
- Built a clean, dynamic UI with interactive components and smooth routing/navigation.
- Integrated GitHub, LinkedIn, dynamic project links, and direct contact options.

Interactive Shopping Cart Application

2026

- Tech: React.js | JavaScript | CSS3.
- Built a modular front-end application with dynamic state management for cart operations (add/remove/update quantity).
- Designed a fully responsive and intuitive interface prioritizing user experience.

Movies Web Application

2026

- Tech: React.js | REST API | JavaScript.
- Built a movie dynamic browsing interface connecting to external REST APIs.
- Integrated live search functionality, movie details view, and error handling.

COVID-19 Interactive Data Dashboard

2026

- Tech: Power BI | Excel | SQL
- Performed data cleaning and structuring on large datasets to model key metrics.
- Designed interactive dashboards featuring KPIs, charts, and filtering capabilities.
- Earned 1st Place in training performance evaluation for data presentation.
